

JOHN RENZ PAGDANGANAN

Calumpit, Bulacan, Philippines

+ (63) 930-195-9824 | pagdanganan.johnrenz@gmail.com | [LinkedIn](#) | [GitHub](#)

Junior Developer with a strong specialization in front-end engineering. Proven experience developing, enhancing, and maintaining responsive UI components, collaborating in agile environments, integrating APIs, and crafting user-centered experiences. Highly adept at independent and collaborative projects, driven by a strong passion for continuous learning, staying updated with the latest technologies, and committed to building seamless and dynamic applications.

EDUCATION

Bulacan State University – Main Campus | Malolos, Bulacan 08/2018 – 06/2023
B.S. Electronics Engineering | Dean's Lister
Relevant Coursework: Python, Machine Learning, Artificial Intelligence, Software Engineering, Object-Oriented Programming, C++, Robotics and Engineering, Internet of Things, Embedded Systems, AutoCAD

WORK EXPERIENCE

Junior Developer	<u>Computer Professionals Inc.</u>	09/2023 – present
- Developed responsive and interactive web interfaces using React.js. - Collaborated with back-end developers to ensure seamless integration of APIs. - Worked with the UI/UX design team to translate wireframes into functional web applications. - Maintained code quality through version control systems. - Optimized front-end performance for maximum speed and scalability. - Produced technical documentation and reusable code. - Ensured cross-browser compatibility and implemented responsive design principles. - Conducted manual unit testing to achieve 90% code coverage and maintained detailed documentation for future development. - Conducted debugging and troubleshooting of front-end issues. - Completed an intensive bootcamp focused on Java, SQL, PL/SQL, Oracle APEX, iReports, HTML5, CSS, JavaScript, React.js, and Node.js. - Developed a dispatch module contributing to the development of an inventory system. - Implemented CRUD functionalities (Create, Read, Update, Delete) for data management and optimized system performance. - Designed and developed the overall user interface (UI), enhancing user experience and ensuring intuitive navigation.		
Design Engineering Intern	<u>Planning and Development Office - BulSU</u>	06/2022 – 08/2022
- Developed detailed CAD designs and layouts for auxiliary systems. - Collaborated with the design engineering team to align project objectives and address design challenges. - Revised base plans and performed design estimations to improve project accuracy and feasibility. - Created and compiled comprehensive project reports. - Converted DWG files to PDF format for documentation purposes. - Conducted site visits and inspections.		
Receptionist	<u>Jed's Island Resort</u>	04/2019 – 05/2019
- Handled reservations and managed the front desk operations, including checking in and checking out guests. - Assisted guests with special requests and provided customer service throughout their stay. - Maintained a clean and organized reception area.		
Marketing Intern	<u>Tanay Rural Bank – Tanay Branch</u>	02/2018 – 02/2018
- Organized and filed account records. - Performed data entry tasks. - Maintained and updated record-keeping systems.		

SKILLS

- Front-End Development, HTML5, CSS3, JavaScript (React.js, Next.js), State Management, React Hooks, React Lifecycle Methods, Redux, Axios, TypeScript, SASS, Bootstrap, Tailwind CSS, Responsive Web Design, jQuery, Ajax, Figma, UI/UX Design, Chart.js, Java (Spring Boot, Spring MVC), Python (Flask), RESTful API Integration, Oracle SQL and PL/SQL, OOP, Assembly, Matlab, Oracle Apex, AutoCAD, Adobe Photoshop, MS Office Apps
- Agile, Atlassian Jira, GitHub, Git, Postman, Bitbucket, Attention to Detail, Analytical and Problem Solving, Adaptability, Verbal and Non-Verbal Communication

PROJECTS

- **Portfolio** - Designed and developed a personal portfolio showcasing my web development projects and skills.
Technologies used: React.js, Tailwind CSS, Bootstrap, Git, GitHub
Link: [Portfolio](#)
- **My AIA Philippines** – Developed mobile-responsive web pages and added new features, with both front-end and back-end integration.
Technologies used: React.js, SCSS, Axios, React Router, React Lifecycle Methods, Redux, RESTful API Integration, Git, Jira, Bitbucket, Citrix Workspace, MS Office apps
Link: [My AIA Philippines](#)
- **Fun88** - Developed an online casino app in my free time practicing my front-end and back-end integration skills.
Technologies used: React.js, TypeScript, Tailwind CSS, Mock API integration, React Hooks
Link: [Fun88](#)
- **Sports Gallery** - Developed a mobile responsive library of YouTube sports thumbnails.
Technologies used: HTML5, CSS, and JavaScript,
Link: [SportsTube](#)
- **Supplies Management System** - Developed issue supplies and stock modules using Oracle Apex.
Technologies used: HTML5, Oracle SQL, Oracle PL/SQL, Oracle APEX
Link: [Supplies Management System](#)
- **Todo List App** - Designed and developed a responsive Todo list app wherein users can add and delete tasks.
Technologies used: React.js, Bootstrap, Git, GitHub
Link: [Todo List](#)
- **Weather App** - Developed a weather app with an API to get temperature, humidity, and wind speed to a certain location.
Technologies used: React.js, Material UI, OpenWeatherMap API, Git, GitHub
Link: [Weather](#)
- **Quisine Kamote Chips (QKC) Inventory System** - Developed the dispatch module and designed the overall interfaces.
Technologies: Java, Spring, Spring MVC, JSP, jQuery, HTML, CSS3, JavaScript, Oracle SQL
- **Dashboard** - Developed a dashboard that displays data and information related to the insurance industry.
Technologies used: Chart.js, JSP, HTML5, Tailwind CSS, Bootstrap, jQuery, JavaScript
- **Spray Nozzle Control System for Onion Seedlings using Aeroponics Technology** - Designed and developed a system for growing onion seedlings through aeroponics, a soilless cultivation method using nutrient mist.
Technologies used: C++, Arduino, AutoCAD, Sensors, MS Office Apps

TRAININGS AND CERTIFICATIONS

The Ultimate React Course 2024

Udemy

Issued in 2024

Java Bootcamp Training

Computer Professionals, Inc.

September 2023 – November 2023

Python Programming Training

TOP ECE Review Center

Feb 2023 – Apr 2023
